1.3. Background

About Kids’ Own

Established in 1997, Kids’ Own is a children’s arts organisation and publishing house, based in County Sligo, with national remit. Kids’ Own is Ireland’s only dedicated publisher of books, by children, for children, and has charitable status.

Kids’ Own operates from a social change model that seeks to address our society’s lack of recognition for the intrinsic value of the arts, and children’s exclusion from cultural life as active creators. Our vision is for a society that recognises children as independent writers, thinkers and creators and that truly values the arts in the lives of all children. Our mission is to develop, publish and promote artwork and writing created by children for children and their communities through meaningful engagement with professional artists. As part of our strategic plan 2017-2020, Kids’ Own has set out the following strategic aims & objectives:

AIM 1: Engagement and Co-creation

- Increase opportunities for children to develop artwork and writing through meaningful engagement with professional artists.

AIM 2: Visibility of Children’s Work

- Increase visibility of children’s artwork and writing through publishing, exhibition and dissemination.

AIM 3: Professional Arts Practice with Children

- Strengthen the practice of artists and other professionals who work with children and young people.

AIM 4: Research and Advocacy

- Strive to build evidence and lead change towards children's inclusion as active creators.

AIM 5: Build our Capacity

- Ensure that Kids' Own has the capacity to achieve its strategic aims.

1.4. Archivist/ Curator for Kids' Own Archive – to inform the creation of the digital space for children's artwork and writing.

Context

Kids' Own celebrates 20 years in 2017. As part of our vision to continue developing, publishing and promoting artwork and writing created by children for children and their communities, through meaningful engagement with professional artists, we see the potential to bring our archive of work to a wider audience through the creation of a digital space for children's artwork and writing. The digital space will be a showcase and live event platform for contemporary arts practice with children and young people, and seeks to increase accessibility to, and dynamic interaction with, a unique body of work across a range of media for an audience of: parents, educators, and children.

In the development of the digital space, two key roles have been identified:

- 1) Archivist/Curator for the Kids' Own archive towards the development of content for the digital space.
- 2) Designer/Developer for the digital space.

Two separate requests for tenders have been developed to identify a candidate or organisation to deliver each piece of work. This request for tender is for Role 1: Archivist/Curator for the Kids' Own archive towards the development of content for the digital space.
